PROJECTS

Stats (php):-

stats is a URL shortening service and link a management platform.

kafeibeaut(CodeIgniter-3):- This is a Beauty Parlour-based site. Here, I am working on some sections (like:-design correction, rating add service list add, add wedding vendor profile, event register, Coupons, Business of the week delete).

Inventory Management (laravel):-

inventory management refers to ordering, storing the items, and at the end of the month how many products my store has.
